

(belt #3)

PRESIDENT: Alright lets move to General File, the bills bracketed for today is 354, that is I believe Senator Carstens bill.

CLERK: Senator Luedtke's committee bill.

PRESIDENT: Correction, that is the judiciary bill, that is right. Senator Luedtke LB354, are there committee amendments.

CLERK: Read LB354

PRESIDENT: Chair recognizes Senator Luedtke. For the amendments.

CLERK: Then there are also amendments to the committee amendments which are set out in full on page 531 of the of the Legislative Journal.

SENATOR LUEDTKE: Mr. President, I would move the adoption of the committee amendments. The Committee Amendments, this is the Nebraska Probate Code which you have heard so much about which you have been receiving a lot of information about the last couple of weeks and in fact for the last six months and last year already we discussed this particular bill. The committee amendment basically are the amendments which were brought together by the so called Troyer Committee. Judge former county judge Troyer of Omaha put together a committee of some 22 lawyers in the state of Nebraska who studied very carefully the proposed LB354 and came up with numbers of amendments. These amendments are dealt with at the rear of the hand-out which I sent to you yesterday and they are very voluminous and I think that we would save a lot of time and accept the committee amendments which the committee asked to be put on and then consider the bill as amended. We have as for the instructions prior, placed into the book, a copy of LB354 as it would read as amended then it would be a lot easier if we were to address ourselves to that amendment or that bill as amended.

PRESIDENT: Senator Luedtke, the Chair would like to interrupt here. Let us then adopt the amendments on page 531 first and then page 940 as it is in the JOurnal then back to the original committee amendments. Would you move for the adoption of the amendments that are listed on page 541 first.

SENATOR LUEDTKE: Now those are the ones that the Clerk referred to and Senator DeCamp, is here....is he here? These are your amendments.

PRESIDENT: Do you want to handle them Senator Luedtke.

SENATOR LUEDTKE: Senator DeCamp will handle the amendments.

CLERK: The first one is 531, those are the committee amendments.

SENATOR LUEDTKE: Well I signed the motion and that is the one that I brought up.

CLERK: No, Roland I'm talking about that portion of the committee amendments that never got computerized.
